

**PE and Sports Premium Strategy and Evaluation 2018-21**

1. Summary information					
<b>School</b>	Whitehouse Primary School				
<b>Background:</b> The Government is continuing to provide funding to improve the quality of PE and sports provision for all children. The funding can only be used on sport and PE provision and should be targeted in areas that lead to clear outcomes, raising standards and opportunities in PE and school sport for all children throughout the Primary Phase.					
We have the freedom to spend the grant on activities that will benefit all pupils in the school, encouraging the development of healthy active lifestyles and increasing participation in sport.					
<b>Academic Year</b>	2019-20	<b>Total PE Sports Premium Grant C/F from 2018-19</b>	£17,484 £ 12,241	<b>Date of most recent PSPG Review</b>	Oct 19
<b>NCMP</b>	2018	<b>% of Children with excess weight</b>	<b>Reception</b>	24%	
			<b>Year 6</b>	35%	

2. Planned expenditure					
<b>Academic year</b>	2019-20				
<b>Activity</b>	<b>Cost</b>	<b>Rationale</b>	<b>Benefits for the school</b>	<b>No. of Children</b>	<b>Impact / evidence of success</b>
1. Improve range of outdoor play equipment and resources including outdoor classroom spaces for EYFS and the main Yard	£8,000	<p>Many of our children have no access to outdoor space other than at school. There is no playground or sports facilities locally and the cost of entry to many facilities that are available more widely are prohibitive for some of our families.</p> <p>Given the % of children with excess weight in the Reception class, we will focus on improvements to the EYFS outdoor area and activities for Upper KS2.</p> <p>Providing an outdoor classroom area will enable more teaching to take place in the open air improving pupil mental health and well-being.</p>	<p>A stimulating playground with appropriate equipment will encourage children to play outdoors and develop a more active lifestyle.</p> <p>It will help to improve pupil confidence, team-working and concentration in the classroom.</p>	222	<p>Feedback via school council members.</p> <p>Long-term reduction in children with excess weight.</p>
2. To continue to fund a school mini-bus.	£3,000	A school bus enables pupils to access a wide range of sporting events and tournaments in the area at no cost.	<p>Greater access to a wide range of sporting events and tournaments.</p> <p>Develop team building and co-operation between pupils.</p>	202	More tournaments entered over the course of the academic year.

3. To develop the range of sports available in the school	£6,000	We need to provide a greater range of sports tasters to encourage greater participation. We know that sports such as fencing & archery have proved popular so will look at how we can provide opportunities for sports such as this as well as expanding the range of team sports.	PE sessions will be more challenging if the range of sports on offer is extended. This will encourage more participation and could lead to an improved after-school sports provision.  Improved team-building, co-operation and confidence amongst pupils.	195	More uptake of sporting opportunities and improved after-school sports provision.
4. Continue to use PE out-reach via John Spence Community High School	£3,600	Using JSCHS expertise enables our children to engage in a wide range of “taster” sports events and competitions between primary schools in the area.  Taking part in team sports helps to build pupil confidence and develop softer skills such as team work and communication.	To improve participation in intra / inter school sports for all pupils.  Greater perception of self-worth for pupil, building confidence and team work.	195	Greater presence at intra school sports events.  Feedback from pupils via school council members regarding range of sports provided.
5. Continue to use external coaches to develop additional PE provision in school	£4,400	Sharing of coaching skills to improve the staff knowledge to deliver PE in school.  Some organisations e.g. Newcastle Falcons and Thunder host additional days focused on healthy lifestyles and choices.	Improving teacher confidence in the delivery of PE lessons will improve the overall teaching of PE within the school.  Children are given an opportunity to think about more healthy choices through a workshop rather than in lessons.	195	Feedback from teachers.  Pupil feedback via the school council.
6. To support pupil well-being by providing outward bound residential trips.	£4,725	There are few green open spaces in our catchment areas and families have few opportunities to experience outdoor activities.  Research shows that children benefit from these types of trips building self-esteem and confidence that is transferred to the classroom.	More confident pupils in the classroom. Greater independence. Children challenge themselves beyond their perceived limitations. Teamwork, resilience and cooperation develops.	195	Feedback from participants
<b>Total commitments</b>	<b>£29,725</b>				

### Future Commitments

1. Continue to run the “Daily Mile” each day for Reception to Year 6 children.
2. Promotion of a healthy lifestyle via Healthy Schools Week.
3. Develop a range of additional activities to encourage the most inactive children to take part in sport.

3. Review of expenditure			
Previous Academic Year	2019-2020		
Activity	Cost	No. of Participants	Impact / evidence of success
1. School mini-bus	£4,227	Whole School	The bus has been used to take children on a number of outdoor learning experiences including:  Visits to Powburn and Robinwood activity centres. House visits to JSCHS trampoline hall. Healthy choices workshops at Newcastle Falcons. Sports competitions and clubs including football, rugby, athletics, netball, rounders, badminton and tennis
2. Use of JSCHS PE outreach programme	£3,000	146	Children have taken part in a number of inter-school competitions including:  Football, Netball, Athletics, Tennis and rounders  Staff have improved their skills through CPD opportunities. We now run after school football, netball and badminton clubs
3. Use of external coaches	£3,351	Whole School	External coached have delivered:  Yoga Bugs, Dodgeball, Dance Club, Skipping School, badminton, fencing and cricket  We have also used the NUFC Foundation to deliver additional sessions for coaching, Newcastle Falcons to deliver tag-rugby and Cramlington Rockets to deliver tag-rugby.
4. Additional equipment, including outdoor classrooms	£7,764	Whole School	The new equipment has enabled the school to expand the range of sports opportunities for pupils.
5. External trips	£4,200	Whole School	To support a group of PPF children to engage in a residential trip
<b>Total Costs</b>	<b>£22,542</b>		

Due to lockdown the Year 6 class couldn't participate in swimming lessons during their allocated term.

For this cohort, we are able to report that 70% of these children when in Y5 could:

- Swim 25m or more with confidence

- Use a range of strokes effectively
- Perform self rescue.
